

Hematopoietic Progenitor Assays Using Frozen Samples

Proficiency Testing Programs

Proficiency Testing programs are offered throughout the year. In each program, participants are provided with identical lots of cells, MethoCult™ H4034 Optimum, and all reagents and supplies required for the CFU assay. STEMCELL Technologies collects data on cell preparation and colony enumeration and provides a comprehensive report to each participant.

2024 Proficiency Testing Programs	Season	Session	Participant*	Catalog #	Registration Deadline	Testing Kit Shipment Week**
Frozen Bone Marrow	Spring	BM51	1st	100-0926	February 2, 2024	March 12, 2024
			2nd+	100-0927		
	Fall	BM52	1st	100-0928	August 16, 2024	September 23, 2024
			2nd+	100-0929		
Frozen Cord Blood	Spring	CBZ27	1st	100-0950	February 23, 2024	April 15, 2024
			2nd+	100-0951		
	Fall	CBZ28	1st	100-0952	September 6, 2024	October 21, 2024
			2nd+	100-0953		

*1st: Price for first participant. 2nd: Price for each additional participant.

**Shipping dates may vary for locations outside of North America.

Program Fees (per session)

Country*	Price For First Participant (1st)		Price For Each Additional Participant (2nd+)	
	Cord Blood 100-0950/100-0952	Bone Marrow 100-0926/100-0928	Cord Blood 100-0951/100-0953	Bone Marrow 100-0927/100-0929

Registration Form

Please email your completed order form to the appropriate email address for your region (see previous page). Programs are available only in certain territories. Please contact your local Sales representative or **proficiency@stemcell.com** for more information.

Confirmation of registration will be e-mailed after the registration deadline.

An e-mail address is required for each participant. All correspondence with participants, including cell plating concentration and final reports, is done via e-mail.
