### Hazards not otherwise classified (HNOC)

Not applicable

### Label elements

### 

Revision Date 07-Mar-2022 Revision Number 1.1

## 76027 - dNTP Mix (10 mM)

The product contains no substances which at their given concentration, are considered to be hazardous to health.

**Appearance** No information available

Physical state Liquid

0 % of the mixture consists of ingredient(s) of unknown toxicity

Odor No data available

Other Information

### Not applicable

### Unknown acute toxicity

- 0 % of the mixture consists of ingredient(s) of unknown acute oral toxicity
- 0 % of the mixture consists of ingredient(s) of unknown acute dermal toxicity
- 0% of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (gas)
- 0 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (vapor)

0 % of the mixture consists of ingredient(s) of unknown acute inhalation toxicity (dust/mist)

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

### Substance

Not applicable.

#### Mixture

Not a hazardous substance or mixture according to the Globally Harmonized System (GHS)

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## 4. FIRST AID MEASURES

### **Description of first aid measures**

| Inhalation   | Remove to fresh air.                                                                                                 |
|--------------|----------------------------------------------------------------------------------------------------------------------|
| Eye contact  | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician. |
| Skin contact | Wash skin with soap and water.                                                                                       |
| Ingestion    | Clean mouth with water and drink afterwards plenty of water.                                                         |

Revision Date 07-Mar-2022 Revision Number 1.1

## 76027 - dNTP Mix (10 mM)

| Most important symptoms and effects, both acute and delayed                          |                                                                                                                                    |  |

| Explosion data<br>Sensitivity to Mechanical Impac<br>Sensitivity to Static Discharge | <b>t</b> None.<br>None.                                                                                                            |  |
| Special protective equipment for<br>fire-fighters                                    | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment. |  |

## 6. ACCIDENTAL RELEASE MEASURES

### Personal precautions, protective equipment and emergency procedures

| Personal precautions                                 | Ensure adequate ventilation.                                                         |  |
|------------------------------------------------------|--------------------------------------------------------------------------------------|--|
|                                                      |                                                                                      |  |
| Environmental precautions                            |                                                                                      |  |
| Environmental precautions                            | See Section 12 for additional Ecological Information.                                |  |
| Methods and material for containment and cleaning up |                                                                                      |  |
| Methods for containment                              | Prevent further leakage or spillage if safe to do so.                                |  |
| Methods for cleaning up                              | Pick up and transfer to properly labeled containers.                                 |  |
| Prevention of secondary hazards                      | Clean contaminated objects and areas thoroughly observing environmental regulations. |  |
|                                                      |                                                                                      |  |

## 76027 - dNTP Mix (10 mM)

|                                                              | 7. HANDLING AND STORAGE                                                                                                                                                  |  |
|--------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| Precautions for safe handling                                |                                                                                                                                                                          |  |
| Advice on safe handling                                      | Handle in accordance with good industrial hygiene and safety practice.                                                                                                   |  |
| Conditions for safe storage, including any incompatibilities |                                                                                                                                                                          |  |
| Storage Conditions                                           | Store in accordance with information listed on the Product Information Sheet (PIS).                                                                                      |  |
| 8. EXPOSURE CONTROLS/PERSONAL PROTECTION                     |                                                                                                                                                                          |  |
| Control parameters                                           |                                                                                                                                                                          |  |
| Exposure Limits                                              | This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.              |  |
| Appropriate engineering controls                             |                                                                                                                                                                          |  |
| Engineering controls                                         | Showers<br>Eyewash stations<br>Ventilation systems.                                                                                                                      |  |
| Individual protection measures, su                           | ich as personal protective equipment                                                                                                                                     |  |
| Eye/face protection                                          | No special protective equipment required.                                                                                                                                |  |
| Skin and body protection                                     | No special protective equipment required.                                                                                                                                |  |
| Respiratory protection                                       | No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required. |  |
| General hygiene considerations                               | Handle in accordance with good industrial hygiene and safety practice.                                                                                                   |  |
| 9. PHYSICAL AND CHEMICAL PROPERTIES                          |                                                                                                                                                                          |  |

Information on basic physical and chemical properties Physical state Liquid

Revision Date 07-Mar-2022 Revision Number 1.1

### 76027 - dNTP Mix (10 mM)

Appearance Color Odor Odor threshold

Property pН Melting point / freezing point Boiling point / boiling range Flash point **Evaporation rate** Flammability (solid, gas) Flammability Limit in Air Upper flammability limit: Lower flammability limit: Vapor pressure Vapor density **Relative density** Water solubility Solubility in other solvents Partition coefficient Autoignition temperature **Decomposition temperature** Kinematic viscosity **Dynamic viscosity Explosive properties Oxidizing properties**

### **10. STABILITY AND REACTIVITY**

| Reactivity                         | No information available.                                 |
|------------------------------------|-----------------------------------------------------------|
| Chemical stability                 | Stable under recommended transport or storage conditions. |
| Possibility of hazardous reactions | None under normal processing.                             |
| Conditions to avoid                | None known based on information supplied.                 |
| Incompatible materials             | None known based on information supplied.                 |

Revision Date 07-Mar-2022 Revision Number 1.1

## 76027 - dNTP Mix (10 mM)

Hazardous decomposition products None known based on information supplied.

## **11. TOXICOLOGICAL INFORMATION**

Information on likely routes of exposure
