Product Description

The RoboSep™-C Tubing Set is a single-use biocompatible tubing set designed for use with RoboSep™-C (Catalog #100-0185), the fully automated closed cell isolation system. The easy-to-install tubing set provides a closed, sterilized fluid path that enables efficient cell washing and cell isolation.

Properties

Storage: Store at 15 - 25°C.

Shelf Life: For product expiry date, contact us at techsupport@stemcell.com.

Diagram

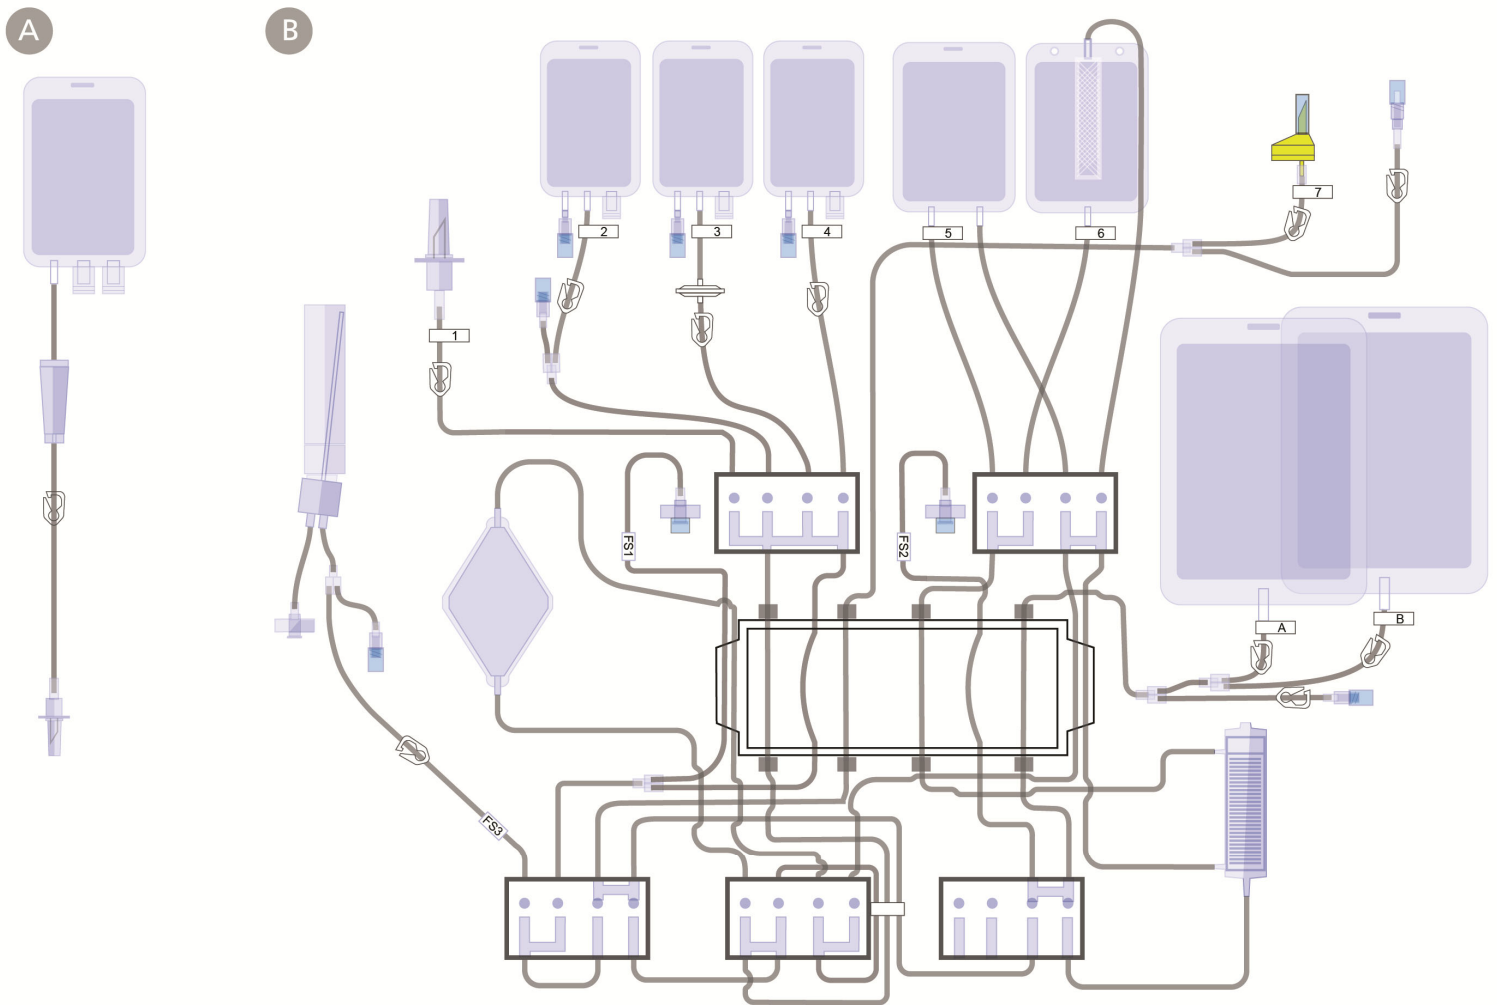

Figure 1. Overview of the RoboSep™-C Tubing Set.

A schematic showing the components of the RoboSep™-C Tubing Set including (A) a 1 L bag attached to an in-line blood filter for pre-processing of the start sample and (B) a tubing set that allows for the movement of sample, buffers, and reagents in a closed system.

Directions for Use

For information on how to install RoboSep™-C Tubing Set, refer to the RoboSep™-C User Reference Manual (Document #1000008334) or contact us at techsupport@stemcell.com.
