### **Product Description**

The iFluor<sup>™</sup> 488-conjugated goat anti-rabbit IgG (H+L) antibody reacts with the heavy chains on rabbit IgG and the light chains common in most rabbit immunoglobulins.

Target Antigen Name:	lgG (H+L)
Alternative Names:	Not applicable
Gene ID:	Not applicable
Species Reactivity:	Rabbit
Host Species:	Goat
Clonality:	Polyclonal
Clone:	Not applicable
Isotype:	Not applicable
Immunogen:	Not applicable
Conjugate:	iFluor™ 488

# Applications

Verified:	ICC/IF
Reported:	ICC/IF, IHC

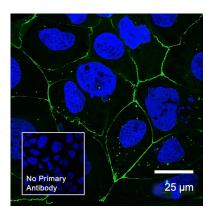

Abbreviations: CellSep: Cell separation; ChIP: Chromatin immunoprecipitation; FA: Functional assay; FACS: Fluorescence-activated cell sorting; FC: Flow cytometry; ICC: Immunocytochemistry; IF: Immunofluorescence microscopy; IHC: Immunohistochemistry; IHC-P: Immunohistochemistry (paraffin-embedded); IP: Immunoprecipitation; RIA: Radioimmunoassay; WB: Western blotting

## Properties

Formulation:	Red solid
Purification:	The antibody was purified by affinity chromatography and conjugated with iFluor™ 488 under optimal conditions.
Stability and Storage:	Product stable at 2 - 8°C when stored undiluted. Do not freeze. Protect product from prolonged exposure to light. Stable until expiry date (EXP) on label.
Directions for Use:	Centrifuge vial before opening. Resuspend the product in 200 $\mu$ L deionized water; this is the stock dilution (1 mg/mL). Prepare working dilution fresh each day.
	NOTE: Once resuspended, store stock dilution at 2 - 8°C and use within 6 months. For longer-term storage, add glycerol at 1:1 after resuspension and store as a liquid at -20°C.
	For ICC/IF, the suggested concentration of this antibody is $1 - 2 \mu g/mL$ . It is recommended that the antibody be titrated for optimal performance for each application.

#### Data

Caco-2 cells were fixed, permeabilized, and labeled with anti-human tight junction protein 1 antibody, followed by Goat Anti-Rabbit IgG (H+L) Antibody, Polyclonal, iFluor<sup>™</sup> 488. Nuclei were counter-stained with DAPI (blue). Inset shows cells labeled with Goat Anti-Rabbit IgG (H+L) Antibody, Polyclonal, iFluor<sup>™</sup> 488 (with DAPI staining).
