Non Tissue Culture-Treated 6-Well Plates

Catalog #27147 8/pack

Product Description
This product is made from optically clear polystyrene. Plates are flat-bottomed and supplied pyrogen-free and sterile. Plates are non-tissue culture-treated, providing a hydrophobic surface for the attachment of Vitronectin XF™.

Properties
Storage: Store at 15 - 25°C.
Shelf Life: See supplier label.
Contains: 8 x 6-well plate.

Directions for Use
For complete instructions on maintaining high quality human embryonic stem (ES) cells or human induced pluripotent stem (iPS) cells using Vitronectin XF™ (Catalog #07180), refer to the Product Information Sheet (Document #29285), available at www.stemcell.com or contact us to request a copy.
